

**Beginning Clogging: Salem Square Dance Center, Tuesdays, 5:45 p.m. to 6:30 p.m.
Cuer/Instructor: Cheri Posedel, 503-399-1606. Feel free to call me with your clogging emergencies!**

The beginning series of classes runs for approximately 3 ½ months at which time dancers may move up to the next level of classes or repeat the beginners' series. You are encouraged to try the next level as soon as you feel comfortable. There is never any additional charge for staying after class and continuing to dance at the next level.

Below is a “flexible” syllabus for lessons. A lesson does not indicate one week’s class. We also will be adding choreographed dances throughout the sessions. Our goal is to have fun and to learn at a comfortable pace. Individuals learn at differing paces, and it is an instructor’s challenge to pick the pace that advances the “clogging-challenged” dancers and stimulates those that catch on more quickly. Everyone at every level experiences frustration at one time or another. We will do our best keep everybody happy all of the time but as the saying goes, you just can’t do it... When the going gets tough, hang in there – the fun of clogging makes it all worthwhile.

Lesson 1

Introduction
Shoes; Taps; Clothing
Walk / Two-Step
Double-Toe
Run /Basic
Rock Step

Lesson 2
